DISCOVERY DOCUMENT

Student Athlete Recognition & Development Platform

Pan India | All Sports | Age 5-30 | Version 1.0

Document Type	Status	Prepared By	Date
Discovery Document	Draft v1.0	Business Analyst	June 2026

Prepared as part of Digital Edify BA & AI Course — Section 2: Foundations of Business Analysis

Section 1 | Problem Statement

Problem Statement

India has millions of talented young athletes across all sports, yet most remain undiscovered due to lack of structured platforms connecting them to certified coaches, tournaments, and national scouts. Students between ages 5-30 who excel in sports have no unified system to register their achievements, track their progress, or get recognized at a national level. Talented players from tier 2 and tier 3 cities are especially invisible to scouts and federations. SportRise aims to solve this by creating India's first unified student athlete development and recognition platform — covering coaching, tournaments, performance tracking, and national scouting.

Key Problem Areas

- No single platform to find verified coaches and upcoming tournaments
- Student achievements remain undocumented and locally confined
- Talented athletes in small cities never reach national visibility
- No fair ranking or levelling system to compare performance across India
- National scouts rely on expensive physical travel and word-of-mouth
- Tournament organizers have limited reach and paper-based processes

Section 2 | Stakeholder Identification

Stakeholder	Type	Role	Primary Interest
Student Athletes (5–30 yrs)	Primary User	Register, train, compete	Get recognized and level up
Certified Coaches	Primary User	Offer coaching, rate students	Find students, earn income
Tournament Organizers	External User	Post tournaments	Get maximum participants
National / State Scouts	External User	Discover talent	Find exceptional athletes
Sports Federations (BCCI, SAI)	External	Validate & partner	Build talent pipeline
Parents	Indirect User	Monitor child's progress	Child's safety and growth
Platform Admin	Internal	Manage platform	Quality and integrity
Schools / Colleges	Institutional	Bulk student registration	Student achievement tracking

Power / Interest Grid

	LOW INTEREST	HIGH INTEREST
HIGH POWER	MANAGE CLOSELY Sports Federations, Platform Admin	KEEP SATISFIED National Scouts, Schools/Colleges
LOW POWER	MONITOR Parents	KEEP INFORMED Student Athletes, Coaches, Tournament Organizers

Section 3 | User Personas

Persona 1 — The Student Athlete

Ravi Teja — Student Athlete	
Age	17 years
Location	Warangal, Telangana
Sport	Football
Background	Plays for school team, never had formal coaching
Goal	Get proper coaching, compete in tournaments, get noticed by scouts
Tech Comfort	Medium (uses Instagram, YouTube)
Device	Android phone
Frustrations	- Doesn't know where to find certified coaches - No tournaments visible in his area - No way to show his achievements digitally - Feels talent is wasted in a small city

Persona 2 — The Certified Coach

Suresh Nair — Certified Coach	
Age	38 years

Location	Pune, Maharashtra
Sport	Athletics (Track & Field)
Background	Former state-level athlete, certified by Athletics Federation of India
Goal	Find serious students, build reputation, earn stable income
Tech Comfort	Low-Medium
Device	Android phone + laptop
Frustrations	- Students don't know he exists beyond local area - No platform to showcase his credentials - Manually tracks student progress in notebooks - No way to formally rate or certify student performance

Persona 3 — The Tournament Organizer

Harish Reddy — Tournament Organizer	
Age	45 years
Location	Hyderabad, Telangana
Sport	Kabaddi
Background	District Sports Officer, organizes state-level events
Goal	Organize state-level kabaddi tournament with maximum student participation
Tech Comfort	Low
Device	Android phone
Frustrations	- Reaches only local schools via WhatsApp - Registration is done on paper - No way to track participant data after tournament - Results not documented or shared officially anywhere

Persona 4 — The National Scout

Anjali Mehta — National Scout	
Age	32 years
Location	New Delhi
Sport	Football (Talent Identification)

Background	Talent scout at Sports Authority of India (SAI)
Goal	Identify top 5 football talents under 21 from tier 2 and tier 3 cities
Tech Comfort	High
Device	Laptop + iPhone
Frustrations	• Has to physically visit states to find talent • No centralized database of student athletes exists • Performance data is unreliable or unavailable • Misses talents who never get exposure or visibility

Section 4 | As-Is Process (Current Situation)

Student Seeking Coaching — Today

1. Student wants coaching

2. Asks friends and family for contacts

3. Finds a coach through word of mouth

4. Meets coach in person to negotiate fees

5. Trains with no formal progress tracking

6. No record of training or performance anywhere

7. Achievement stays local and undocumented

Student Seeking Tournament — Today

1. Student hears about tournament (WhatsApp / notice board / friend)

2. Calls organizer manually for details

3. Fills paper registration form

4. Pays via cash or bank transfer manually

5. Participates in tournament

6. Wins or loses — result is not recorded digitally

7. No profile built, achievement is forgotten

Scout Looking for Talent — Today

1. Scout receives annual target (find X players from Y sport)

2. Contacts state federations for recommendations

3. Gets unreliable and outdated lists

4. Physically travels across states

5. Watches multiple local tournaments in person

6. Relies entirely on word of mouth

7. Misses 80% of real talent

Section 5 | Pain Points

Student Athletes

- No single platform to find coaches and tournaments
- Achievements are undocumented and unrecognized
- Talent in small cities never gets national visibility
- No performance history or digital profile exists
- No fair ranking system to compare with peers across India

Coaches

- No platform to reach students beyond local area
- Cannot verify a student's sport history before taking them on
- No digital tool to track student progress over time
- Credentials and experience not visible to prospective students

Tournament Organizers

- Limited reach — only local students participate
- Paper-based registration is inefficient and error-prone
- No data on participants after the tournament ends
- Results not stored or shared officially anywhere

National Scouts

- No centralized database of talented athletes across India
- Performance data unavailable or unreliable
- Talented players from rural areas completely invisible
- Scouting is expensive, time consuming, and incomplete

Section 6 | To-Be Process (Future State)

Student Journey on SportRise

1. Student downloads SportRise app

2. Registers with name, age, location, and sport(s)

3. Chooses path: Coaching / Tournament / Both

4. COACHING PATH: Browses verified certified coaches, filters by sport, location, price, books session

5. COACHING PATH: Coach rates performance after session — student earns XP points and levels up

6. TOURNAMENT PATH: Browses upcoming tournaments by sport, registers online with one click

7. TOURNAMENT PATH: Participates, result is recorded, wins earn XP + badge + level up

8. Exceptional performance triggers National Prospect badge — profile visible to scouts

Scout Journey on SportRise

1. Scout logs into SportRise Scout Dashboard

2. Searches by sport, age group, location, and level

3. Views ranked leaderboard of top performers across India

4. Clicks on student profile — views full performance history

5. Sends recruitment interest or contact request

6. Student and parent are notified of scout interest

Section 7 | Levels & Recognition System

Level Progression

Level	Title	XP Required
1	Rookie	0 – 100 XP
2	Contender	101 – 300 XP
3	Challenger	301 – 600 XP
4	Competitor	601 – 1,000 XP
5	Elite	1,001 – 1,500 XP
6	Champion	1,501 – 2,000 XP
7	National Prospect ★	2,001+ XP

How to Earn XP

Activity	XP Earned
Complete a coaching session	+10 XP
Coach rates you 4/5	+15 XP
Coach rates you 5/5	+25 XP
Participate in a tournament	+20 XP
Win a tournament match	+40 XP
Finish as runner-up	+60 XP
Win a tournament	+100 XP
Rated exceptional by coach	+50 XP
7-day consecutive training streak	+30 XP

National Prospect Trigger

Auto-Promotion Rule

A student is automatically flagged as a National Prospect and highlighted in the Scout Dashboard when ANY of the following conditions are met: (1) Reaches Level 7 (2001+ XP), OR

(2) Wins 3 or more tournaments, OR (3) Receives an 'exceptional' rating from 3 or more certified coaches.

Section 8 | High Level Requirements

Functional Requirements

Student Module

- Register with age, sport(s), and location
- Browse and book verified certified coaches
- Browse and register for upcoming tournaments
- View personal performance dashboard
- Track XP, level, badges, and history
- Receive notifications for scout interest

Coach Module

- Register with certifications (verified by admin)
- List coaching services with fees and availability
- Rate and review student performance after sessions
- Track all students under coaching

Tournament Module

- Organizers post tournaments with full details
- Online registration for students
- Result entry after tournament completion
- Auto XP award based on tournament results

Scout Module

- Search and filter student athletes by sport, age, location, level
- View full performance profiles and history
- Send recruitment interest to students
- Save and manage shortlists

Admin Module

- Verify coach certifications and tournament organizers
- Monitor platform activity and flag suspicious behavior

- Analytics dashboard for platform health
- Handle disputes and escalations

Non-Functional Requirements

Category	Requirement
Platform	Android and iOS mobile apps
Language Support	10 Indian languages including Hindi and regional languages
Performance	Page load under 3 seconds on 4G connection
Scale	Supports 1 lakh concurrent users
Security	Data privacy and security for all users
Privacy	Parental consent required for users under 18
Availability	99.9% uptime — available 24/7
Connectivity	Basic offline mode for rural low-connectivity areas

Section 9 | Assumptions & Constraints

Assumptions

- Sports federations will partner to add credibility to the platform
- Coaches have valid, verifiable certifications
- Tournament organizers are willing to digitize their processes
- Students in tier 2 and tier 3 cities have Android smartphones
- SAI and state sports boards will use the scout module
- Parents will provide consent for users under 18

Constraints

- Age verification is mandatory for users under 18
- Coach verification is manual initially — will slow onboarding
- Rural areas may have poor internet — offline mode is essential
- Multiple sports means complex and varied scoring logic
- Building trust with established federations takes significant time
- Regional language support is mandatory for wide adoption

Section 10 | Success Metrics

Metric	Target (Year 1)
Student registrations	1,00,000 students
Sports covered	25+ sports
Certified coaches onboarded	5,000 coaches
Tournaments listed	500+ tournaments
Students reaching Level 5 or above	10,000 students
National Prospect badges awarded	500 students
Scouts actively using platform	50+ scouts
Student to coach booking conversion rate	60% of registered students

Section 11 | Risk Register

Risk	Impact	Mitigation Strategy
Low coach adoption initially	High	Offer free listing for first 6 months
Fake or misleading tournament listings	High	Mandatory organizer verification process
Poor internet connectivity in rural areas	Medium	Develop offline mode for basic features
Data privacy risks for minors	High	Strict consent, parental controls, privacy policy
Competition from existing sports apps	Medium	Focus uniquely on recognition and scouting angle
Difficulty getting federation partnerships	High	Start with state-level bodies before national
